Within the Department of Labor and Workforce Development, between the
Division of Vocational Rehabilitation
And the
Employment Security Division

This agreement is between the State of Alaska acting by and through its Department of Labor and Workforce Development, Division of Vocational Rehabilitation, hereinafter referred to as “DVR,” and the Employment Security Division, hereinafter referred to as “ESD”, the “Employment Network (EN)” provider in this agreement.

I. EFFECTIVE DATE, LOCATION AND DURATION

This agreement shall become effective on the date it has been signed by both parties. Termination of this agreement will take effect thirty (30) days after either party has provided written notice of their intent to suspend providing service under this agreement.

II. PURPOSE

The Ticket to Work and Self-Sufficiency Program results from federal legislation designed to help remove barriers that previously influenced people’s decisions about going to work because of the concerns over losing health care coverage and other benefits. The goal of the Ticket Program is to increase opportunities and choices for Social Security disability beneficiaries to obtain employment, vocational rehabilitation (VR), and other support services from public and private providers, employers, and other organizations. To help accomplish this, the Social Security Administration provides disability beneficiaries with a “Ticket to Work” they may use to obtain the services and jobs they need from a universe of organizations called Employment Networks (ENs).
