Re: 3rd 12-Month Progress Review - Request for Response
Name: JOHN TICKETHOLDER

Our records show that you are working with your State Vocational Rehabilitation (VR) agency or worked with them in the past to return to work. After every 12 months, even after the VR agency closes your case, we must decide if you are making progress toward your vocational goal. We look at progress such as completing certain education or getting and keeping a job. We refer to this as a "Timely Progress Review." It is now time to conduct your 3rd 12-month Timely Progress Review.

Your Timely Progress Review

Please complete the attached Progress Review Form to tell us about your progress from January 2013 through December 2013. Then return it to us using the enclosed postage paid envelope or by fax at 703-893-4020 within 30 days of the date of this letter. Your reply is important.

We will review your answers and decide if you have met the Timely Progress Requirements for the 3rd 12-month Progress Review. We decide which review period you are in based on the length of time your Ticket to Work has been assigned. Please see the enclosed chart for the specific progress expected for each 12-month Timely Progress Review. We will not send you another letter if you have made the expected progress. However, we will write to you with our decision if the Progress Review Form does not show that you made the expected progress.

Why Conduct a Timely Progress Review

As long as you are making the expected progress toward your vocational goal, Social Security will not conduct a medical review to see if you are still disabled under their rules. SSA uses the Timely Progress Review to decide if you are making enough progress with work and earnings, education, or technical training to continue to be excused from a medical review. We will not send you another letter if you have made the expected progress. However, we will write to you with our decision if the Progress Review Form does not show that you made the expected progress.

The Timely Progress Guidelines enclosed with this letter show how much progress you are expected to make in each 12-month period. If you are not making the expected progress, you will no longer be excused from a scheduled medical review. This does not mean you will be scheduled for a medical review right away, but that a medical review will be as normally scheduled. In addition,

if your VR case is still open, we encourage you to continue working with your State VR agency toward your vocational goals.

We may also use the information you give us when we match records by computer. Matching programs compare our records with those of other Federal, State or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits paid by the Federal government. The law allows us to do this even if you do not agree to it.

Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security offices. If you want to learn more about this, contact any Social Security office.
